14 bottles

Comments:

(as noted on Data Collection Sheets)

Again, there was a lot of plastic bowls and spoon at T street snack bar, pens are mostly from Fishermans when they wash the deck or pier off. I had the misfortune of seeing 2 seagulls fight over a swallow. 2 more dead birds.

The animal poo was found in middle Linda Lane Park. I made a serious effort to count all the bits and pieces of plastic and paper. Also--the number of cigarette butts is accurate b/c we hand-counted all of them. Isobel Pelham helped on this cleanup, as did my dog, Foxy Beach relatively clean; trail very dirty. Lots of bottle caps, balloons.

I concentrated on picking up cigarette butts in the pier bowl. They accumulate in predictable places, such as: on the uphill side of all the concrete parking stall blocks, immediately below car doors, around the parking pass dispenser, up the walkway to the marine monument, and in the planter beds. The area against and between stall blocks can't be reached by the street sweeper, so the cigarettes accumulate

Read bad around Rivera V.ball courts, between bathroom to T Street esp. around fire pits.

Again, most trash found by Vball court by Riviera & Fire pits between bathroom & T street(hngrs, cig, candy wraps).
